U. S. MEDIATION MAY PAVE WAY TO PEACE

hinks Wilson's Offer Will End Military Move

ORGENTHAU LIKELY

ubt Expressed That General Wood Would Accept Command of Forces n Armenia.

Washington, Dec. 1.—The proffer President Wilson today to use his d offices as mediator to end hosties in Armenia is seen by the te Department as "the broad hway" by which peace for the Asiatic republic may be obtain- rather than through internation- military operations.

hat opinion coupled with the tements by both the State and r Departments that they had no ormation other than that obtain- in cables from Geneva that the gue would offer the command of international force for the relief Armenia, was taken to mean that re is no expectation in official les that General Wood will go oad.

he President's offer was in reply an invitation from Paul Hymans, sident of the Council of the gue of Nations, transmitting a olution adopted in behalf of Arnia by the Assembly of the League Geneva November 22. It requested that "the horrors of the Armentragedy" be brought to the attion of the powers with a view to rusting some power with the task taking the necessary measures to n the hostilities in Armenia. The ited States, although not a memof the League was included ong the nations of the world to om the broadcast invitation was ed.

Adoption of the resolution was ceded by some discussion of the sibility of organizing an internanal force to intervene in Armenia, ailed alternately by Turkish Nanalists, the Bolsheviki and other ns-Caucasian elements.

n his reply Mr. Wilson said he s without authorization to offer employ the military forces of the ited States in any project for the ief of Armenia, or any material tributions requiring the consent Congress, "which is not now in sion and whose action I could not ecast."

The President declared however, t he was willing, upon assurances the morale and diplomatic supt of the principal powers, to enavor to bring about peace beeen the contending parties in Arenia through arbitration. He ask- suggestions to the avenues ough which the proffer should be eyed and the parties to whom it uld be addressed.

n announcing the President's actance of the invitation from Paul mans, president of the Council of League of Nations, to use his d offices for the restoration of ce in Armenia, Secretary Colby d that it was what might have n expected of one of the Presit's sincere interests in ending war, d he added that the acceptance s in accord with the spirit of the solutions adopted some time ago the Senate, expressing the olicide of the American people for the rmenians. The exercise of mediry powers, the Secretary stated, in way conflicted with the refusal the Senate to permit this country accept a mandate over Armenia.

K. C. Basketball

Will Open Season at Armory Tomorrow Night

The first basketball game of the season will be inaugurated in the armory tomorrow when K of C teams representing Fitzgerald Council of this city and Keane of Washington clash in the 2nd game in the K of C league. Some of the best known college stars are members of the teams representing the various councils in Washington, while Alexandria will have such well known stars as "Mike" Frasca, Jeff Williams, Anthony Crilly, and Wm. Hasson who played such sensational ball for the Dreadnaughts last season, also on the team are the stars of the old Lyceum team Roland, Hoy, Corbett and "Bob" Whitestone, so the line up of the local council will be one of the strongest in the league. The local boys are starting under a handicap, because of the short notice and time in which to practice, as the teams in Washington were organized fully a month before Alexandria entered the league, but the local boys are confident to make up by their dashing style of play any advantage Washington council may have at the start.

This league will undoubtedly represent the best in basketball in this section and big crowds are expected.

A feature of the league is the fact that no such called "rough house" tactics will be used, all players are instructed before going on the floor regarding their methods of play. The referees decision on any question will never result in an argument. This method to make the play cleaner and more attractive is due to the efforts of Grand Knight Horgan of the local council and should result in other teams adopting the same rules.

Game will start promptly at 8.15 and shall be refereed by Mr. Nugent of Holy Cross, an official A. A. U. referee.

An invitation has been extended to Mayor Duncan to toss the first ball of the local season.

WANT OPEN SHOP IN RAIL SERVICE

Gen. Watterbury Declares Unions Seek Plumb Plan

BIG UNION MENACE

Objects To National Board—Scores "One Big Union" Opposes Sympathetic Strike—Forces Four Results

Philadelphia, Dec. 1.—W. W. Atterbury, vice-president in charge of operation of the Pennsylvania Railroad system, has just issued a strong statement appealing for the open shop in railroad employment.

"The position of the Pennsylvania Railroad," says Mr. Atterbury, 'on the relationship between employer and employe is as follows:

"In dealing with organizations among its employes, the company has felt that the employes themselves were the best judges of the forms of organization into which they desire to go. Therefore, there has been no interference in the employes' liberty of choice in this matter.

"The company has always recognized the right of any man to labor upon whatever terms he and his employer may agree, whether he belongs to a labor organization or not. Employes have always been given full opportunity to redress their grievances whether associated with labor organizations or not."

Referring to the duty the company owes to the public he says it is "opposed to employes affiliating themselves with an organization which might call a sympathetic strike. If there is to be any strike on this rail road the management believes that it should be the result of the choice of its own employes, and because of some difference between this company and its own men, and for no other reason.

"The company believes that men should be employed without regard to the labor organization of which they are members, and that every man should be free to join an organization or to remain entirely independent. The company believes, therefore, that all its operation should constitute an open shop."

Continuing he says:

"Congress has said that the railroads and their men may, by agreement, establish boards of labor adjustment for the settlement of all controversies not directly involving wage rates. In the words of the law, these boards may be established by agreement between any carrier, group of carriers, or the carriers as a whole and any employes or subordinate officials of carriers, or organization or group of organizations thereof.

"Under this section of the Transportation act the labor leaders are demanding that such boards of adjustment be national in scope. The railroads are holding out for boards local to each road, or each system under one management or what amounts to the old method of deciding matters between the officers and committees of employes on any one road.

"If this demand for national boards of adjustment stood alone, it would be serious enough, but as the "first step' in a series of carefully planned campaigns for labor union control and operation of the railroads, and the other essential industries and utilities, it becomes a matter of paramount importance.

"National boards of adjustment, formed by agreement between the carriers as a whole and their employes as a body, could only be found representative, on the men's side, of organized workmen. None other might hope to have a voice in their forming or the faintest hope of real representation.

"This at once makes it necessary not only that all employes must be members of unions, but that the unions must be organized nationally, and that these national unions must, in turn, be merged into one grand organization, for the purpose of agreeing upon the national boards, if for no other reason.

"Even now, the self-styled 'Associated Standard Recognized Railroad Labor Organizations,' composed of 16 national labor organizations, having as their spokesman an officer of the American Federation of Labor, and many of their units being also constituent parts of the federation are conducting the negotiations on behalf of the railroad employes. The 'one big union' is, therefore, for the moment at least, an accomplished fact upon the railroads.

"Shall it be strengthened and extended over other industry or shall it be decentralized and prevented from

IN MEMORIAM

In sad but loving remembrance of our dear mother and wife Mrs. K V. De MASTERS.

Sixteen years ago today,
Too young to understand,
We witnessed the death of our mother,
Who we know is in some better land
Many years have passed since you left us,
But of you we often speak,
And at night when we kneel in prayer
It is you we pray to meet.
There has been a change, my mother
Since you were laid beneath the sod,
For we have learned the love of a mother,
And we are tracing the paths you have trod.
We know you are happy dear mother,
In Heaven so fair and sweet,
Yet your grave is cold and molded
But we think of you, "Just Asleep."

By her children

Oh how I have missed you dear loved one,
Since God called you away,
To dwell with the angles in Heaven
Where I pray to meet you some day
God called you away from this world of woe,
Of trouble sorrow and care,
And left me all alone in this world
God help me my burden to bear.
Sleep on dear wife, the one I loved
Until some brighter day,
When God shall send his angels,
And take me with you I pray.

DAYLIGHT HOLDUP YIELDS $476,000

Four Bandits Halt Brokers' Messengers in Brooklyn

FIRE AS THEY FLEE

Shoppers Witness Daring Robbery—Escape in Auto Which is Found Abandoned—Secrecy About Holdup

New York, Dec. 1.—Close to half a million dollars in Liberty bonds were gathered in yesterday by four daring automobile bandits in Brooklyn who, in plain view of a number of passersby and shoppers, held up two messengers from a Wall street firm and relieved them of their valuable packages.

The total amount of the theft was given by the police as $476,000 and only $45,000 worth of the bonds were insured.

The two messengers, Anton A. Vonow, 29, and Irving Cohen, 21, had left their firm, Heane Taylor and Co., in Wall street, to deliver the bonds to Igoe Brothers, hardware manufactureres and wire nail dealers, in the Greenpoint section of Brooklyn and had just reached the entrance of the Brooklyn firm when the four armed bandits alighted from their automobile and ordered them to raise their hands.

One of the messengers, frightened into inactivity, was slow to obey the order. One of the bandits calmly walked over to him and removed a bundle of bonds from under his arm. The other messenger had dropped his package and stood with raised hands.

Before any one could move, the four robbers had reentered their machines and were off. The engine of the car had been left running and as it sped off the hold up men fired several shots as a warning to would be pursuers. A bullet grazed the ear of one of the messengers as he ducked into a hallway.

Police soon took up the trail of the robbers and found their car abandoned, some blocks away. In the tonneau of the car they found a second license plate indicating the bandits intended changing the identity of their machine if too closely pursued.

Very little information was forthcoming from either the Wall Street firm or the Brooklyn manufacturers after the robbery, as the police had sworn every one concerned to secrecy this same practise has been followed in most of the numerous recent big hauls.

The messengers were examined yesterday in an effort to obtain a minute description of the hold-up men.

The liberty bonds were in denominations of $5,000 and $10,000.

COST OF RESCUE OF ARMENIA

If it will cost $20,000,000 to rescue Armenia, it would seem as if the money should come from the nations which have taken possession of large portions of the Ottoman Empire. They have profited in a material way by the defeat of Turkey, and they should provide the cost of enforcing their own peace treaty. A great many Americans would be glad to have the United States embrace what General Harbord described in his report as the greatest philanthropic opportunity of the century, and Lord Robert Cecil's estimate that the cost would be $20,000,000 confirms the belief that General Harbord considerably overestimated the costs of the undertaking. But the American people seem to have voted decisively against concerning themselves with anything outside of their own boundaries, and the moderate expense of $20,000,000 should not appal England, France and Italy, which have appraprinated large portions of Turkey.

GAMBLED IN GAME OF LOVE

So Wrote Woman Whose Body Was Found in Bathtub

Miami, Fla., Dec. 1.—"I gambled in the game of love and lost," wrote Mrs. Alberta Hawkins, of San Francisco, on the inside of the cover of a small puzzle jewelry box shortly before her body was found Sunday in the bathtub of a local apartment house. This cryptic note was found yesterday by the coroner.

Examination disclosed water and gas in the lungs, which physicians assert counter-balance the theory of suicide.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

A THOROUGH TEST

One To Convince the Most Skeptical Alexandria Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Alexandria residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

J. B. Mills, marine engineer, 212 S. Lee St., Alexandria, says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I get Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement, on April 13, 1915 and on March 17, 1919 he added: 'Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few of Doan's to fix me up."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney pills—the same that Mr. Mills had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoryasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the itching and irritation breaks out afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

These troubles originate in the blood, and if you expect real substantial relief you must treat them through the blood.

The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.

Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. Address Chief Medical Adviser, 161 Swift Laboratory, Atlanta, Ga.

SUFFERINGS ENDED AFTER SEVEN YEARS

Mrs. Phillips' Rheumatism Was Gone One Month After She Started on Tanlac

"I have been taking Tanlac only one month, but already it has put an end to a case of rheumatism that had been troubling me for seven years" said Mrs. Helen Phillips, 2407 Durham Street, Tampa, Fla.

"I was all crippled up with muscular rheumatism for so long I had little hopes of getting well. It was worst in my arms and legs and at times I could scarcely get around. My right shoulder also hurt terribly and it was all I could do to move my arm about. I had gotten into a badly run-down condition and felt weak and worn out all the time. Then I had the influenza that left me weaker than ever. My appetite got so poor that I couldn't eat enough to keep up my strength.

"I saw Tanlac so highly recommended that I took it to build me up, not having any idea it would help my rheumatism, but it has done both. I am simply overjoyed at my wonderful improvement and I just feel that I am almost starting life over again. The rheumatic pains have all gone and I am as active as I ever was. My appetite is just splendid and everything I eat agrees with me perfectly. That tired, weak feeling has left me and I now feel well and strong in every way."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

Auction Sale

Public sale of Holsteins at Rockbridge Dairy Farm Wednesday, December 15 (rain or shine), on the far mof David N. Rust, Jr., located three miles east of Leesburg, Loudoun county, on the Washington Leesburg Pike and being on Goose Creek, ten minutes walk from Compher Station on the Washington and Old Dominion Railway. Car leaves Alexandria at 7:10 a. m., arriving at 9:30 o'clock. Will be met. Having decided to discontinue dairying I will offer at public auction on above date and place without reservation my entire herd of milking Holsteins. 80 head, 16 head registered animals, 64 head high grade cows. The majority of these animals have been bred and developed right on the farm and were sired by such noted bulls as Kng of Butter Boy, King's Son and Soldiers Home Woodcrest Tehee. These cows are all young straight and sound and have never been forced in dairy, but simply run on blue grass pasture in summer and consumed the roughage on the farm in winter with little grain fed. Consequently they will respond immediately to heavy feeding. Some are fresh now milking well and quite a number due within thirty to sixty days. All bred to fine registered bull. The grades are well marked and will make a valuable addition to any herd. The pure breds carry some of the best blood of the breed. The cows have just passed the annual Federal test and health certificates can be issued for shipment to any state in the union. This herd is considered to be on one of the best in Northern Virginia.

Terms of sale. Three per cent off for cash or a nine months' note with satisfactory indorsement.

A WONDERFUL OFFER TO ALL SUFFERERS

Re-Cu-Ma Medicine Company Has So Much Confidence in the Merits of Re-Cu-Ma That They Offer to Refund the Money of Anyone Who Having Purchased a Bottle of Re-Cu-Ma Finds That It Is Not Materially Benefitting Them.

Could Any Proposition Be Fairer? If You Have Constipation, Indigestion, Dyspepsia, Chronic Headaches, Heartburn, Irregular Appetite, or Any of the Other Troubles Caused By An Ill Functioning Liver or Stomach, Accept This Offer of the Re-Cu-Ma Company. If Re-Cu-Ma Does Not Do All the Company Say It Will, You Will Get Every Cent You Spent for the Bottle of Re-Cu-Ma and No Questions Will Be Asked.

All of the Local Drug Stores Handle Re-Cu-Ma and They Are All Making This Same Proposition on Re-Cu-Ma.

Local drug stores have received instructions from the Re-Cu-Ma Medicine Company of Jacksonville, Florida manufacturers of Re-Cu-Ma, the medicine which is making such a fine record, all over the South, to tell every purchaser of a bottle of Re-Cu-Ma that it is sold with the understanding that if after four days, the buyer has not noticed a material improvement in his, or her, condition, the bottle may be returned to the drug store and every cent paid for it will be refunded.

The Re-Cu-Ma Company say that they have such absolute confidence in Re-Cu-Ma that they have no fear in making this offer. It is the same offer that they have made in every town and city in which Re-Cu-Ma has been introduced. Thousands and thousands of bottles of Re-Cu-Ma have been sold with this understanding and but six bottles have been returned. Think of this record! Thousands of people have taken Re-Cu-Ma and only six cases has it failed to improve the conditions of the sufferer. It's no wonder is it, that Re-Cu-Ma is the biggest selling medicine that has appeared on the market in the last five years.

Druggists all over town are experiencing a big demand for Re-Cu-Ma. All those who are suffering from liver, kidney and stomach troubles are urged to accept the four day trial offer and to try Re-Cu-Ma at the company's risk. For sale by the Rexall Store and all good drug stores.

RICHMOND THEATRE

There's tons of joy jammed into every foot of "Pinto," Mabel Normand's latest Goldwyn picture to be shown tonight at the Richmond Theater. You'll laugh yourself into hysterics when you see irresistible Mabel as the wild and wooley western whirl wind stampede a crowd of monocled Montys and lorgnetted Lizzies—stages a real wild west show that winds up in a carnival of gun-play—and puts the fighting touches to her social meanderings by roping a social Romeo and making a fine-soil-shirted cave man out of him.

INGOMAR THEATRE

At the Ingomar Pathe's thrilling photoplay, "The Forbidden Valley," will be shown.

How To Keep in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE

"I was troubled with kidney and bladder trouble for near 40 years. Had one very bad spell about 5 years ago. Was confined to bed for 4 or 5 days unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble." John Heath, Michigan ave., California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

throttling or fostering industry at its own will? It is for the nation to answer.

"This 'one big union' is but another name for the Plumb Plan League, the president of which is the president of one of these national unions, and the other officers of which are, as far as officers reach, the heads of the various unions.

"If the union leaders succeed in carrying out their plans, we will very shortly find:

"First—That the railroad system of the country will be dominated by the brotherhoods and the unions affiliated with the American Federation of Labor, with power not only to enforce their demands by stopping the transportation of the country, union organizations with the management minus authority, helpless to work for other industry, or to change or improve conditions.

"Second—That wages, hours and working conditions of railway employes will be uniform throughout the country, regardless of varying conditions in the different localities, the paramount of work performed by different individuals or the relative efficiency of that work.

"Fourth—That the public, which pays the bills, will be without voice in determining most of the questions at issue and without means of blocking the insidious plans of the labor leaders for soviet operation of the railroads under the Plumb plan.

STRONG MEN SOMETIMES TIRE EASILY

But Refuse to Believe That They Are Tired Out—Run Down

EVEN ATHLETES NEED TONIC

This Husky Chap Admits It, and Twice a Year Takes Pepto-Mangan, Red Blood Builder

He is tall (almost six feet), weighs 185, plays golf, works his own garden, and is stronger than most men. He is the picture of health, looks as vigorous as a football player.

But he is a bit anemic, gets tired too easily, is inclined to constipation, is more nervous than a normal man should be, and is subject to disfiguring pimples.

He told all this himself, and added, "Whenever I have the sense or the memory to take two or three bottles of Gude's Pepto-Mangan in the late fall and early spring, I am as right as a trivet. The trouble is, I forget, If I hired a doctor only to remind me to take Pepto-Mangan twice a year it would be worth hundreds of dollars to me."

Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. Adv.

Leopard Cannot Change Spots

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.
